

Protein L-Cys, His

#R00024

Size: 1 mg/25 mg/100 mg

Stability & Storage

- Use a manual defrost freezer and avoid repeated freeze-thaw cycles.
- 12 months from date of receipt, -20 to -70 °C as supplied.
 - 1 month, 2 to 8 °C under sterile conditions after reconstitution.
 - 3 months, -20 to -70 °C under sterile conditions after reconstitution.

Warning: This product is intended for scientific research only. It is not to be used for medical or diagnostic procedures in humans or animals, nor as a food, cosmetic, or household product.

Background

Recombinant Protein L contains 5 kappa-binding domain. Protein L has the unique ability to bind through kappa light chain interactions without interfering with the antibody's antigen-binding site. This gives Protein L the ability to bind a wider range of Ig classes and subclasses than other antibody-binding proteins.

Reconstitution

Dissolve in distilled water or saline.

Product Specification

Accession	D6S9W1
Source	Escherichia coli.
Tags	His
Molecular Weight	Approximately 41.6 kDa with 6×His-tag on N-terminus and a Cys on C-terminus, a single non-glycosylated polypeptide chain containing 373 amino acids. But it migrates with an apparent molecular mass of 46 kDa in SDS-PAGE.
Protein per Gram Powder Concentration for 1 unity OD at 280 nm	See Label.
Purity	1.159 mg/ml
Specificity	> 96 % by SDS-PAGE analysis. The recombinant Protein L is a

genetically engineered protein containing 5 IgG-binding regions of protein L. Cell wall binding region, cell membrane binding region and albumin binding region have been removed from the recombinant Protein L to ensure the maximum specific IgG binding. The recombinant Protein L is ideal for purification of polyclonal or monoclonal IgG antibodies. Protein L binds to human, mouse, rat and pig IgG.

Physical**Appearance****Formulation****Endotoxin**

Sterile Filtered White lyophilized (freeze-dried) powder.

Lyophilized from additive free solution.

Less than 0.1 EU/μg of Protein L-Cys, His as determined by LAL

Shipping

method.

The product is shipped at ambient temperature. Upon receipt, store it immediately at -20 °C.
